

WE ARE **ELECTRICAL CONTROL & PROTECTION**

— **AEROSPACE**

Global Leader in Circuit Breakers & Hermetically Sealed Relays

Specialist in Electrical Control & Protection Devices

We are a leading supplier in the aerospace industry, driven by our expertise in innovative technologies and our strong compliance with industry standards. Our products are integrated into electrical equipment on board aircraft, helicopters, and space systems.

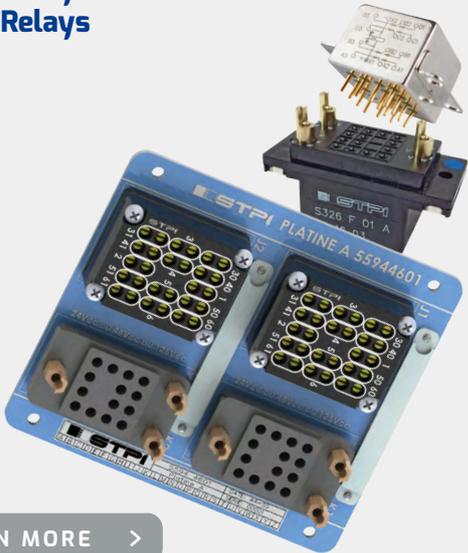

60+ years' experience

2M+ products delivered /yr

40+ active programs

HERMETICALLY SEALED RELAYS

Hermetically Sealed Relays

LEARN MORE >

The Highest Standards!

Designed to meet the high demands of the aerospace market, our **hermetically sealed relays** provide the ultimate control and protection against harsh environmental conditions.

- > Electromechanical switching
- > Hermetically sealed
- > Latching and non-latching
- > Electrical isolation
- > Insulation resistance
- > From 1 to 3 & 10 to 75A
- > From 1 to 6 poles

Our Hermetically Sealed Relays offer also includes:

Timers

- > Time Delay Relays
- > Solid State Timers
- > Flashers
- > Cadencers
- > Retriggerable Delay

Sockets

- > Relay Base
- > PCB Mounting
- > Panel Mounting
- > Keying Options

Relay Cards & Systems

- > Panels (wiring system, PCB)
- > Cards (PCB)
- > Relays sub-assemblies

WE ARE PROUD TO HOLD SEVERAL KEY CERTIFICATIONS

FOR OUR HERMETICALLY SEALED RELAYS:

AEROSPACE:

- > D0254 DAL B, D0178 DAL B
- > ISO 9001, AS 9100

SPACE: ESA-ESCC

CIRCUIT BREAKERS

Thermal Circuit Breakers

LEARN MORE >

You Need It? We Have It!

Crouzet proudly offers **the world's widest range of circuit breakers**, fully compliant with aerospace market standards.. We manufacture over

1 million parts per year.

- > Compliant with the most demanding Standards:
MS, AS, ASD-STAN (EN), BACC
- > Rating from 0.5 to 60 A
- > Multiple terminal configurations: EN, MS, Faston...
- > Available in both push/pull and push/push versions
- > High-vibration option available

Remote Control Circuit Breakers

LEARN MORE >

A circuit breaker and a contactor in one single housing

It enables remote opening and closing of the contactor simply by applying a 28 V command input.

- > Designed for at least 100,000 switching cycles
- > Ratings from 35 to 60 A

DISTRIBUTION PANELS

Electrical Distribution Panels

LEARN MORE >

- > Tested for harsh environments
- > Available in illuminated and non-illuminated versions
- > Push/pull and push/push configurations
- > Wired and PCB Faston options

SOLID STATE SOLUTIONS

Solid State Solutions

LEARN MORE >

Powered by a microcontroller, a switch, and a data bus, Crouzet hybrid or solid-state circuit breakers provide thermal protection along with multiple electrical functions such as relay operation, gradation, chopping, ground-fault detection, soft-start capability, and current measurement.
