

WE ARE **AEROSPACE & DEFENSE**

Manufacturing The Future of Aerospace & Defense with Mechatronic Components

Position & Force Sensors, Electrical Control & Protection, Flight Control Equipment, Motors & Actuators, and dedicated services (DesignLAB, Instrumentation, Repair Station) designed to perfectly fit your Aerospace program requirements.

60+ Years in the Market

100+ Active Programs

10 Manufacturing Plants

6 R&D Centers

WE ARE CROUZET

100 YEARS MANUFACTURING THE FUTURE *Together*

Crouzet is an independent company **manufacturing mechatronic components for demanding applications in Aerospace & Transportation, Energy, Building and Machinery Industry.**

Crouzet provides **Switches & Sensors, Electromechanical Actuators, Electrical Control & Protection Equipment, Flight Control Equipment, Automation Controllers & Relays, and Instrumentation Services.**

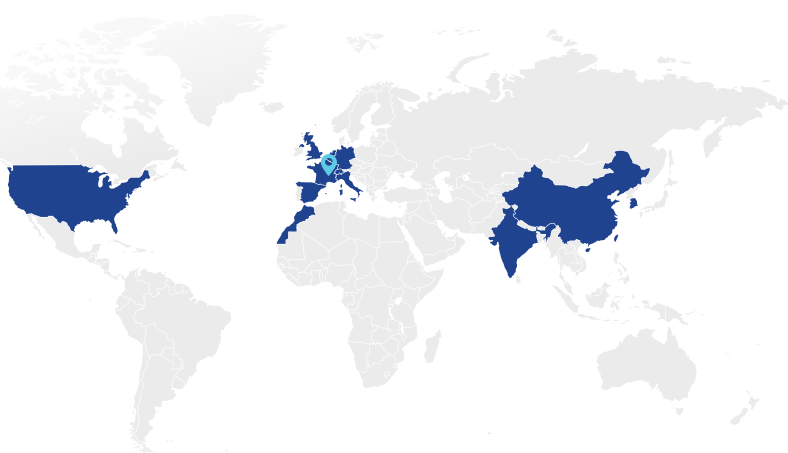

Since 1921, Crouzet has a heritage of close collaboration with customers in the development of products, from standard components to fully customized solutions.

Crouzet's customers and partners can rely on our teams worldwide to always meet and often exceed their expectations. Driven by innovation, our experts are focused on designing and delivering the right product for the right application.

Crouzet is your trusted partner of choice to face the industrial challenges of today and tomorrow.

WORLDWIDE PRESENCE

10 Manufacturing Plants
& 6 R&D Labs

OUR SERVICES

DESIGN LAB

6 R&D CENTERS & 100 ENGINEERS AT YOUR SERVICE

Our cutting edge **DesignLab**, composed of 100 Engineers & Technicians, can help you bring your innovative ideas to life.

100 years of electromechanical, electronics & software expertise allow us to provide comprehensive and innovative solutions for the design of your aerospace components and equipment.

INSTRUMENTATION

TRUST THE EUROPEAN LEADER FOR TESTING STRUCTURE INTEGRITY

We have 15 experts around the world to measure **structural force & load** to ensure the reliability of an aircraft or a given piece during static and flight tests.

We can meet your testing needs, from designing and installing sensors + data acquisition systems, to providing real-time data analysis and reporting.

MAINTENANCE, REPAIR & OPERATIONS

A WORLDWIDE HIGH-QUALITY REPAIR STATION

Our **Repair Station Team** provides comprehensive repair, overhaul, and refurbishing services during the entire life of your aerospace program.
