Diagram illustrating the exploded view of a device, showing various components and their material composition. The components are labeled with their respective materials and recycling codes (07/0):

- POLYCARBONATE** (07/0): Multiple components, including the main housing, side panels, and internal structural parts.
- PBT** (07/0): Components including a small rectangular part and a larger internal component.
- POLYACETAL** (07/0): A small component at the bottom left.
- ELECTRONIC PARTS**: A complex assembly of components in the center.

The diagram also includes assembly instructions:

- 01**: Indicated by an arrow pointing to a screw being inserted into the main housing.
- 02**: Indicated by a curved arrow showing the side panel being attached to the main housing.
- 03**: Indicated by an upward arrow showing the top cover being placed on the device.
